## About MP3-CD & MP3-DVD Audio Bibles

**MP3-CDrom.** Our Audio Bible MP3-CD's can be used in MP3 compatible CD players, computers and some DVD players. You may also use the MP3 discs to load our Audio Bible into any portable MP3 device. Depending on the language/version, the complete Audio Bible is on 1-5 MP3-CD's. Each disc has hours of audio and is perfect for continuous listening without having to change or flip like you would with cassettes or regular Audio CD's.

**MP3-DVDrom.** Our MP3-DVD is a single DVD disc with our Bible in MP3 format that you can use on your computer or use to load on your own MP3 compatible device.

See pages 2-3 for a complete list of versions/languages available on MP3.

### Note:

MP3-CD Players can be found in many stores that sell electronics.  
MP3-CD players play both regular Audio CD's as well as MP3-CD's.

A MP3-CD player that many of our users recommend is the Coby Portable MP3/CD Player (Model # MPCD471). Wal-mart, as well as many other stores, sell this player for around \$31.

### \* Audio CD Substitute (NOT COMPLETE BIBLES)

Available upon special request, we now offer four Audio CD programs. Please know these are not complete Audio Bibles and are only selected scripture readings.

1. **Portrait of Jesus** - selected scriptures from the NT (1 hour) – in English or Spanish.
2. **God's Powerful Savior** – selected scriptures from Luke (1 hours) – in English.
3. **Old Testament Stories** - selected scriptures from the OT (1 hour) – in English.
4. **Psalms** – selected scriptures from the Book of Psalms (1 hour) – in English.

## Digital Talking Book (DTB) Cartridge Loading Service.

Digital Talking Book players are provided by The Library of Congress National Library Service for the Blind (NLS). The government website that describes this service is: <http://www.loc.gov/nls>.

We have re-produced our Audio Bibles for use with the DTB.

However, we are unable to provide individuals with blank cartridges.

- If you already have a blank 2GB NLS cartridge or USB flash drive, mail it to us (Free Matter for the Blind) and we will load them with the language/version of your choice and return to you. This is a free service and there is no cost whatsoever with this loading service. A list of stores that sell blank 2GB cartridges can be found at: <http://www.loc.gov/nls/cartridges>.
- If you don't already have a blank 2GB NLS cartridge, for a \$15 donation, we can purchase a cartridge for you from stores listed on the library website. This way the blank cartridge comes directly to us, we load it with the Audio Bible of your choice and you never have to return it to anyone – it is yours to keep. The complete Bible fits on a single blank 2GB cartridge. The Bible recording and shipping is absolutely free. The \$15 donation is a reimbursement for buying you a blank cartridge.
- Blank cartridges, USB flash drives or \$15 donations should be sent to Audio Bibles for the Blind, PO Box 621, Bradenton, FL 34206. Be sure to include which version you want loaded and your return mailing address.
